

MOTOROLA ET1 TABLET

ACCESSORIES GUIDE

ET1 TABLET ACCESSORY FAMILY

NOT ONLY IS OUR ET1 TABLET TRULY ENTERPRISE — BUT SO IS ITS ACCESSORY FAMILY.

The ET1 offers real business-class accessories that not only make life easier for IT and your workforce — but also allow you to add new features to extend the ET1 lifecycle.

With multi-slot chargers, multi-slot cradles and the right batteries on hand, IT can easily ensure fully-powered devices are available at the beginning of every shift — for workers inside the four walls and out in the field.

Our unique hand strap rotates 360°, making it easy for workers to switch between portrait and landscape modes — or flip the device around for a customer to view.

With our belt clip or hip holster, your workers can comfortably keep the ET1 close at hand, ready to help answer customer questions and execute tasks.

And you can even add brand new features to your ET1 as your business needs change and grow, with accessories such as a magnetic stripe reader for on-the-spot processing of payment cards or a high-performance scanner for inventory takes and more.

THE ET1 ACCESSORY FAMILY

Single Slot USB/Charge Desktop Cradle
This cradle provides USB communication with a host computer and charges the ET1 Enterprise Tablet. Requires purchase of power supply PWRS-14000-148C and local AC line cord. **DC1000-1000U**

4-Slot Docking Cradle Charge Only
Charges four ET1 tablets simultaneously. Requires purchase of DC cable 50-16002-029R, power supply PWRS-14000-241R, and local AC line cord. **DC1000-4000C**

4-Slot Battery Charger
Charge up to four spare standard capacity batteries at the same time. Requires purchase of DC cable 50-16002-029R, power supply PWRS-14000-241R, and local AC line cord. **SAC1000-4000C**

USB/Charge Cable
Provides communications from the ET1 to the host system. Charger requires power supply PWRS14000-148C and local AC line cord, which must be purchased separately. **25-153149-01R**

Power Supply
Power supply (12V, 4.16A) for use with ET1 accessories (USB/charging cable and 1-Slot USB/charging cradle). **PWRS-14000-148C**

Power Supply
Provides power to the 4-Slot Charge Only and Ethernet Cradles. Order country specific three wire grounded AC line cord separately. **PWRS-14000-241R**

2-Way DC Cable
DC "Y" cable, enables connection of DC1000-4000C and SAC1000-4000C to a single power supply (use with PWRS-14000-241R and local AC line cord, purchased separately). **25-153150-01R**

IMAGE NOT AVAILABLE
